

This course is tailored to new airport professionals and incoming public officials to enhance the individual's understanding of the aviation story, industry leaders, airport management issues, current challenges faced by industry leaders and strategies for implementing sensible strategic plans or goals. It is designed to present new airport board members or commissioners, senior and mid-level airport executives, and entry level with a substantive and thoughtful review of the airport industry. This course also gives a capstone summary of the airport management environment from A-Z.
